# Low Cost International Mobile Calls

## Take your UFIRST tariff with you!

Improve your work life balance by making that important call at home. Avoid time zone issues by calling from your mobile in your car or at home, rather than be chained to your office desk!

Calls using this service, are billed to your normal UFIRST telephone bill rather than your mobile phone bill.

This service is also useful for employees who need to make the occasional work call while avoiding the issue of expense claims.

Cost of accessing this service from a mobile is extra but can be free (ask for details)

# Conference Calling

## Conference call anywhere without jamming your PBX!

With our conference call service you can have as many as 30 people on one call. Excellent for running sales meetings without getting your people off the road.

Also useful for 3 or 4 way calling, ideal for problem solving or liaising with a client and supplier at the same time.

Set your room up with or without pin codes with or without attendee announcement

Call costs only 3c per minute per user

Standard service: no monthly rental (up to 4 users)

Premium service: €10 p.m. plus call charges (€50 p.m. no call charges)

Cost of accessing this service from a mobile is extra but can be free (ask for details)

# Call Recording

**Call record from anywhere, including your mobile phone!**

By using this service, any call can be recorded and sent to your email account as a WAV file.

Excellent for recording the detail of agreements or sales able to be stored on your servers as long term records

Ad Hoc Call recording	€5 per month per user
Always on Call recording	€5 per month per user (€50 set up)

Cost of accessing this service from a mobile is extra but can be free (ask for details)

# Virtual Dictaphone

## Never forget anything again!

Travelling in the car, sitting on the train, finishing a telephone call, there are always occasions when you think,

'I must do that when I get back to the office'

But you forget!

When calling your virtual dictaphone you leave yourself a message that is emailed to your account to listen to when back at your desk.

€5 per month per handset

Cost of accessing this service from a mobile is extra but can be free (ask for details)
